

Streaming Audio Online via SDPB

State Board of Medical Examiners Conference Room – Sioux Falls

Updated
10/5/16

- 1: Touch panel to wake screen
- 2: Touch “Press To Begin” to start system
- 3: Select presentation type specific to your event (Video Conference, Phone Conference, etc).

5: Ensure that room mics are not muted (button will appear green in color when mics are active).

6: Ensure that “PBS Feed” is active (button will appear green in color when PBS feed is active).

This is an image of the screen indicating that room mics are not muted and the PBS Feed is active. In this case, audio from the room will be streamed online according to the preset schedule.
