Economy / Environment

Hearth & Harvest

Monday, October 26, 2015

7pm – 57 minutes

DETAILS: Pennsylvania farmers have quietly and courageously contributed to the American way of life for more than three hundred years. *Hearth and Harvest* reveals this amazing legacy, created from character and ingenuity. In doing so, WVIA's original documentary demonstrates agriculture's essential contribution to Pennsylvania's economy and instills in viewers an appreciation and pride in the once and future "farmer's heaven."

Education

Pilchuck: A Dance with Fire

Thursday, Oct. 1, 2015

7pm – 58 minutes

Sunday, Oct. 4, 2015

12pm – 58 minutes

Thursday, Oct. 8, 2015

9pm – 58 minutes

Sunday, Oct. 11, 2015

5pm – 58 minutes

Monday, Oct. 19, 2015

7pm – 58 minutes

Thursday, Oct. 22, 2015

9pm – 58 minutes

DETAILS: When Dale Chihuly founded the Pilchuck Glass School 44 years ago, he had no idea he was making history. Narrated by Academy Award-winner Jeff Bridges, *Pilchuck: A Dance with Fire* tells the story of how a small camp in the woods became a world-class art school and attracted glass masters and students from all over the globe.

Colonial Williamsburg Electronic Field Trip: The Balance of Power

Thursday, Oct. 15, 2015

10am – 58 minutes

DETAILS: Presidents, members of Congress, and Supreme Court justices from the past two centuries compete in a baseball game unlike any you've ever seen. Discover how the rules laid out in the U.S. Constitution preserve the balance of power between the three branches of the U.S. government: the executive, legislative, and judicial.

Environment

Greenlife Pennsylvania #203

Friday, October 2, 2015

7pm – 26 minutes

DETAILS: *Greenlife Pennsylvania* takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: Pedicabs in Pittsburgh, Elk County Visitors Center, Give Your Surf Board the Green Light, It's Your Planet, and the Susquehanna River Trail.

Growing a Greener World #613

Friday, October 2, 2015

7:30pm – 26 minutes

DETAILS: From small tabletop setups to huge commercial warehouse operations, we explore the practice of growing food and raising fish together... indoors. In Chicago, we spotlight a vacant factory where a farm now produces vegetables and fresh fish on the city's south side. Then meet two young California entrepreneurs whose aquaponics kits teach sustainability in one square foot of counter space, plus their desktop gardens that grow mushrooms in a carton of coffee grounds.

Greenlife Pennsylvania #204

Thursday, October 8, 2015

8pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: In the Field with Gary Gilmore, Mercyhurst College, South Mountain Geocache, Liberty Lands Park, The Shawnee Inn.

Growing a Greener World #614

Thursday, October 8, 2015

8:30pm – 26 minutes

DETAILS: Many of us look right past moss in the garden, or see it as a nuisance to be pressure-washed away. Here, we take a closer look at what is actually an incredible eco-friendly plant that thrives in places where grass won't. It needs very little water, no fertilizers, no clipping or mowing, and yet stays green all year long! Get ready for us to shed some light on this shade-loving ground cover; you may just learn enough that you'll want to establish it and grow it in your garden.

Greenlife Pennsylvania #205

Friday, October 16, 2015

7pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: Butterflies for Kids, Bike or Boat, Where the Wild Things Might Be, Gary Gilmore, Charcoal Champion, Avon Grove Charter School.

Growing a Greener World #615

Thursday, October 15, 2015

8:30pm – 26 minutes

Friday, October 16, 2015

7:30pm – 26 minutes

DETAILS: In this episode, Joe Lamp'l visits with the first family of modern organic gardening at the Rodale Institute. Maria and Maya Rodale share their unique (and sometimes surprising) perspective on organic gardening, which sheds new light on this time-tested and eco-friendly

way of gardening and why it's vital for the health of the planet. If you've ever been unclear about what organic gardening is really all about, this episode is essential viewing.

Greenlife Pennsylvania #301

Thursday, October 22, 2015

8pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: The Lacawac Sanctuary in Lake Ariel, PA, Envirothon in Huntidgdon, PA, Monarch Butterflies in Millersburg, PA, The Phipps Conservatory in Pittsburgh, PA and Yards Brewing Company in Philadelphia, PA

Growing a Greener World #616

Thursday, October 22, 2015

8:30pm – 26 minutes

DETAILS: Pruning helps shape a plant or tree while promoting future growth. But if done correctly, it can do more harm than good. In this episode,GGW brings in best-selling garden author Tracy Desabato-Aust to demonstrate the science behind the practice. Host Joe Lamp'l adds his expertise by showing you the five basic keys to pruning like a pro. Learn the benefits, common mistakes and step-by-step instruction on how to promote healthy plants with selective pruning.

Greenlife Pennsylvania #302

Thursday, October 29, 2015

8pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: Hawk Mountain Sanctuary in Berks County, PA, Susquehanna Greenway Partnership in Pennsylvania, Pennsylvania Horticultural Society in Philadelphia, PA, Jennings Environmental Education Center in Butler County, and Eastern Pennsylvania Coalition for Abandoned Mine Reclamation.

Growing a Greener World #617

Thursday, October 29, 2015

8:30pm – 26 minutes

DETAILS: GGW takes an old-fashioned road trip to follow a group of four young gardeners traveling the country in a retro-fitted school bus that's powered on pure waste vegetable oil and their own enthusiasm. With their greenhouse on wheels, a mobile green roof, and lots of seeds, they're taking edible gardening to the streets- literally- and teaching sustainable practices in food deserts and blighted communities across America.

Urban Conversion: Backyard Farmer - #101

Tuesday, November 3, 2015

7:30pm – 26 minutes

DETAILS: Beginning a journey to reduce his family's carbon footprint, Rodman Schley explores the world of backyard farming with urban agriculture guru Sundari Kraft. He finds himself out of his element milking goats, taking care of chickens and learning how to use natural fertilizer to sustain a backyard ecosystem.

Greenlife Pennsylvania #303

Thursday, November 5, 2015

8pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: Bike PGH, Envision the Susquehanna, No Child Left Inside, The Izaak Walton League, and the Weinberg Memorial Library Green Team.

Growing a Greener World #618

Thursday, November 5, 2015

8:30pm – 26 minutes

DETAILS: Buyer beware: just because it's organic doesn't automatically make it a better option. Dr. Jeff Gillman, a popular gardening author and an associate professor of horticulture, helps us become more discerning gardeners as we explore specific examples of organics in a fun and illuminating way. We'll discover some enlightening examples of what works, what doesn't, and get to the bottom of some of the most popular claims.

Urban Conversion: The Burbs and the Bees - #102

Tuesday, November 10, 2015

7:30pm – 26 minutes

DETAILS: Gina's desire to get her own backyard bee hive sends Rodman seeking advice from holistic bee keeper Corwin Bell. Corwin teaches Rodman the importance of bees in agriculture

and why backyard beekeeping is not only doable, but how bee stewardship is important to our global future.

Greenlife Pennsylvania #304

Thursday, November 12, 2015

8pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: Lackawanna Heritage Trail, Stewards of the Lower Susquehanna, Green Building Alliance, Natural Lands Trust, and Invasive Species of Fish.

Growing a Greener World #619

Thursday, November 12, 2015

8:30pm – 26 minutes

DETAILS: More people are moving into metropolitan cities, where yards are becoming smaller or even non-existent. From apartments to condos to in town homes on zero-lot lines, one thing persists: the desire to have a garden. It's actually easy to have a lush and beautiful garden on a balcony or terrace. We explore some of the latest techniques of small-space gardening and visit some very small gardens with big impact in the San Francisco area.

Urban Conversion: My Alternative Fuel Future - #103

Tuesday, November 17, 2015

7:30pm – 26 minutes

DETAILS: Could an alternatively fueled car be in Rodman's future? Rodman learns what's down the road for hydrogen fuels, gets his hands dirty collecting bio diesel, and is shocked to learn about a mechanical shop that converts classic cars to electric.

Greenlife Pennsylvania #305

Thursday, November 19, 2015

8pm – 26 minutes

DETAILS: Greenlife Pennsylvania takes viewers to the conservation front; places where the problems and the science can be seen and heard with thought-provoking reality, and where individuals and organizations are fighting back with cutting-edge tactics and a can-do spirit. The series inspires through personal actions, paired with compelling journeys, diverse communities and landscapes of Pennsylvania. The viewer gains an appreciation, a visceral connection to conservation, and feels the call to take it personally. The following topics were part of this program: Sullivan Park Restoration Project, Princeton Hydro, Clean Creek Products, Dauphin County Conservation District, and French Creek.

Urban Conversion: Green You - #104

Tuesday, December 22, 2015

7:30pm – 26 minutes

DETAILS: Rodman goes back to school to learn how one campus is leading the way towards sustainability in higher education. He will be living, learning and putting one up for the home team as a "non-traditional" student.

Urban Conversion: Detroit Urban Farming - #105

Tuesday, December 29, 2015

7:30pm – 26 minutes

DETAILS: Rodman sees firsthand the positive effects of urban farming as it shapes a new identity for the Detroit community. Leading the way is Taja Seville and Urban Farming, who takes him into the city to see where hope is springing up from vacant lots and community run programs.

Free Speech:

POV: Ai Weiwei: The Fake Case #2814

Friday, October 2, 2015

10pm – 56 minutes

Saturday, October 3, 2015

3am – 55 minutes

Sunday, October 4, 2015

4am – 55 minutes

DETAILS: This stunning dissection of the persecution of Chinese artist Ai Weiwei explores how the government's attempts to silence him have backfired and turned him into an irrepressible voice for free speech and human rights around the globe.

Gun Control:

Frontline - Gunned Down: The Power of the NRA #3304

Tuesday, November 10, 2015

10pm – 56 minutes

Wednesday, November 11, 2015

3am – 56 minutes

Sunday, November 15, 2015

3am – 56 minutes

DETAILS: FRONTLINE investigates how the NRA uses its unrivaled political power to stop gun regulation in America. With first-hand accounts of school killings in Newtown and Columbine, and the shooting of Congresswoman Gabby Giffords, Gunned Down examines why despite the national trauma over gun violence Washington hasn't acted.

Health and Wellness Concerns:

Call the Doctor: “Arthritis: Changes, Resources and Treatments”

Thursday, October 1, 2015

10pm – 55 minutes

Sunday, October 4, 2015

4pm – 55 minutes

DETAILS: It is important to know that viewers can manage their Arthritis pain. In addition to the various treatments available, lifestyle changes can help alleviate symptoms. Our goal is to help them learn to live a healthy, happy life with Arthritis.

Call the Doctor #2801: “Breast Cancer: Advancements and Support”

Wednesday, October 7, 2015

7pm – 55 minutes

Thursday, October 8, 2015

10pm – 55 minutes

Sunday, October 11, 2015

4pm – 55 minutes

Wednesday, October 21, 2015

7pm – 55 minutes

Thursday, October 22, 2015

10pm – 55 minutes

Sunday, October 25, 2015

4pm – 55 minutes

DETAILS: Personal stories are shared by those whose lives have been affected by Breast Cancer and local doctors, clinicians, and representatives from organizations about the importance of knowing options and choices in the battle of Breast Cancer.

Call the Doctor #2802: “Breast Cancer: Resources and Community”

Wednesday, October 14, 2015

7pm – 55 minutes

Thursday, October 15, 2015

10pm – 55 minutes

Sunday, October 18, 2015

4pm – 55 minutes

Wednesday, October 28, 2015

7pm – 55 minutes

Thursday, October 29, 2015

10pm – 55 minutes

Sunday, November 1, 2015

Wednesday, November 25, 2015
4am – 28 minutes
Sunday, December 27, 2015
1:30pm – 28 minutes

DETAILS: This episode examines Agriculture and Resource Conservation and Pollution Prevention and Environmental Cleanup. From farm to plate, the effort of a committed sustainable farmer to produce lettuce is documented, and the viability of careers in sustainable agriculture is explored. A trip to the recycling center in Pennsylvania's largest county reveals opportunities and challenges in the Pollution Prevention and Environmental Cleanup sector. The episode also includes a look at how colleges are incorporating green to better prepare students for an exciting future.

Degrees That Work #106 - Going Green II

Tuesday, October 20, 2015
7:30pm – 28 Minutes
Wednesday, November 25, 2015
4:30am – 28 minutes
Sunday, December 27, 2015
2pm – 28 minutes

DETAILS: This episode explores two of the sectors: Energy Efficiency and Renewable Energy. Exciting career possibilities in those fields are revealed by national experts and through the experiences of building science and sustainable design majors completing a green project. A trip to Washington, D.C. is included to visit the first LEED platinum-certified office building in the nation's capital.

Degrees That Work #102 – Welding

Tuesday, November 24, 2015
4am – 28 Minutes
Tuesday, December 22, 2015
4am – 28 minutes

DETAILS: highlighting the variety of careers available from the viewpoints of artistic welder Mike Patterson and Jennifer Brinkley-Cruz, manufacturing specialist for Toyota. In addition, the episode illustrates the basics of welding and features interviews with industry representatives at the Fabtech International and American Welding Society Welding Show in Chicago.

Degrees That Work #103 - Advanced Manufacturing

Tuesday, November 24, 2015
4:30am – 28 Minutes
Tuesday, December 22, 2015
4:30am – 28 minutes

DETAILS: The program features a group of manufacturing students, who possess the hands-on, high-tech skills desired by manufacturers. The students test their skills by designing and building an off-road vehicle for an exciting international competition in Quebec: Baja SAE Montreal. In addition to chronicling the students' preparation and performance at the event, the episode provides an inside view of manufacturing with representatives from the National Association of Manufacturers, the nation's largest industrial trade organization, and Synthes and Victaulic, two leading worldwide manufactures.
